THURSDAY, : : : : : NOV. 8, 1860

The Result.

We have the exquisite pleasure of announcing to "all the world and the rest of mankind" that the Quakers have voted, the Niggers have voted, the Breckinridgers have voted, and a rail is elected President. We cannot give particulars this week, but enough is known to satisfy us that we are badly licked. If Providence Holmes made a gallant fight, and won a except California and Oregon. Missouri their united efforts proved fruitless; we is conceded to Donglas. Bell has car- have carried the county for Donglas by Maryland, &c., and Breckinridge has Delaware, North Carolina, and will probably carry most of the extreme Southern States. Holmes county is to be considered the head waters of Salt-river, and Democrats at a distance will please take notice and circulate themselves round this way, immediately.

The woollies will now commence the fight for the spoils. Go in, gentlemen, there are locofocos enough left to hold your hats.

The reader will please imagine that we but that would do no good. We feel whole daty. like swearing, but think ourselves incompetent to do the subject justice. After considering all these things over we have the Democracy do a better days work

# Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Alerative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense actives to this large class of our afficient fellowettizers. How completely this command will citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

Complaints; - Schoreland Complaints, SCHOTELA AND SCHOTTLOUG COMPLAINTS, EMPERS, BLOTTONS, TOMORS, TEMBERS, BUTTONS, BOATONS, TOMORS, STATERING, SCALD HEAVE, SYPHILLS AND SYPHILLIA APPACTORS, Magas man Disease, Dentisty, Dystessa And Innoverses, Empereusa, Rosa on St. Anthony's Free, and does die whole on St. Anthony's Free, and four Lighters of class of complaints arising from Incurry or THE BROOM

This compound will be found a great promoter of health, when taken in the spring, to expel the found bursages which firster in the blood at that season of the year. By the timely exonision of them many reading desorders are nipped in the bad. Multitudes can, by the aid of this remedy, some themselves from the endurance of foul eruptions and algerous sores, through which the rest-in will strive to rid itself of corruptions, if not assisted to do this through the natural claimed of the body by an alterative medicine. Chanse out the vinated blood whenever you find its impurities bursting through the skin in pimples, eraptions, or sors; cleaned it when you that it is ob-structed and sluggish in the vains; cleaned it whenever it is four, and your feelings will tell you when. Even where no particular disorder is felt, people cajoy better beath, and live longer, for cleaning the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deserved by preparations of it, purtly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else.

During late years the public have been mislest by large bottles, pretonding to give a quart
of Extract of Saranparilla for one dollar. Most
of these have been frauds upon the sick, for er. Hence, bitter and printal disappointment has followed the use of the various extracts of as is hower the use of the various extracts of sarsaparilla which itself the market, until the name itself is justly despised, and has become synonymones with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remain pashall rescue the name from the band of o'depty which rests mean it. And we think we have ground for ion it. And we think we have ground for the ordinary ton of the discuss it is intenderadication from the system, the remody should s judiciously taken according to directions on

DR. J. C. AVER & CO. LOWELL, MASS. Price, \$1 per Sottle; Six Bottles for \$5.

Aver's Cherry Pectoral as won for Back such a remove for the cure of is entirely unnecessary for us to recount the played. As it has long been in constant are throughout this section, we need not do more than assume the pearsh in muchly as kept up to the less it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
